It's All About Data

Data is today's new business currency, and memory and storage are emerging as strategic differentiators that will redefine how we extract value from data to learn, explore, communicate and experience.

Who We Are

For over 40 years, Micron's memory and storage solutions have been foundational to innovations that have transformed the world in countless ways. Our technology and expertise are core to computers that boot up in an instant and work harder and faster; mobile phones with brilliant screen resolution and longer battery life; and new business models that are disrupting entire industries faster than ever — such as entertainment, manufacturing and finance.

Our Vision

As a global leader in memory and storage solutions, we are transforming how the world uses information to enrich life by enabling technologies to collect, store and manage data with unprecedented speed and efficiency. We are accelerating the transformation of information into intelligence — inspiring the world to learn, communicate and advance faster than ever.

Our Commitment

Micron's dedication to employee health and safety, environmental quality, and community engagement is part of our commitment worldwide. This dedication includes working toward building and maintaining sustainable operations, products, and supply chains around the globe. Through the Micron Foundation we provide opportunities for learning and enrichment by sharing our resources and people in the communities where our team members live and work.

Global Product Portfolio

DRAM | NAND | NOR | Solid-State Drives | High Bandwidth Memory (HBM) | Multichip Packages | Advanced Solutions
